## PROFILE

Third-year BCA student with foundational knowledge of C, C++, Python, SQL, DBMS, computer networks, and web development. Building practical experience through a Flask-based medication reminder application and a personal portfolio website. Seeking internship opportunities in software development or database administration.

## EDUCATION

**Bachelor of Computer Applications (BCA)** — JSPM College of Engineering, Pune (SPPU) | 3rd Year | Expected completion: 2027

**Higher Secondary Certificate (12th)** — Completed February 2024 | 50%

**Secondary School Certificate (10th)** — Completed March 2022 | 88.60%

## TECHNICAL SKILLS

**Programming:** C, C++, Python, SQL
**Databases:** PostgreSQL, SQLite, DBMS, database design, ER modeling, PL/pgSQL
**Web Development:** HTML5, CSS3, Flask, responsive web design
**Tools:** Git, GitHub, pgAdmin 4, VS Code
**Core Concepts:** Computer Networks

## PROJECTS

**MediCare Companion — Medication Reminder System**
Python | Flask | SQLite | HTML | CSS

- Developing a web application to help users manage medicines, dosage details, and reminder schedules using database-backed storage.
- Building a dashboard and exploring senior-friendly features such as recurring reminders, snooze, voice alerts, and large controls.

**Personal Portfolio Website**
HTML | CSS | JavaScript

- Created a recruiter-focused website to showcase profile details, skills, projects, resume, and certifications.

**Academic Programming Practice**
C | C++ | Python

- Practiced programming fundamentals through academic exercises and basic application development.

## CERTIFICATIONS

- IBM SkillsBuild — AI Fundamentals: Foundations for Understanding AI (2026)
- IBM SkillsBuild — Getting Started with Cybersecurity (2026)

## SOFT SKILLS & CAREER INTERESTS

**Soft Skills:** Communication and collaboration, problem solving, time management, leadership

**Career Interests:** Software Development, Database Management/Administration, Software Testing, Web Technologies

Quick learner with the ability to adapt to new technologies and development tools.

Ability to manage multiple tasks and meet deadlines efficiently.
